PREVIOUS EDITIONS

So far we have successfully organized 13 editions of the programme. And we could not imagine better prize for all the effort made than the positive remarks of participants in the end of the course.

This is exactly what I was expected from the training. I would like to to thank you all for the DSM training, well organized both lectures and the students. **The discussions were truly inspiring.** I personally enjoyed very much. I would like to thank Natalia Czajkowska, and everyone who has been involved in the preparation and execution of the DSM. You have all done a wonderful job. **I look forward to attend future training.**

Deek, 13th edition

I attended the Diplomatic Skill Masterclass. **It's absolutely out of my expectation!** The course is **well organized** with **top trainers**, very international crowds and various after class events. I can only appreciate what EAD did for us! Thank you for **sharing the knowledge** and showing us Warsaw!

Wei, 12th edition

DSM is **very intensive, interactive and well-organized program.** That is very usefull to those who has already engaged in public diplomacy as well as to those who is going to be engaged in the area. DSM creates an environment for **experience exchange** between trainers and participants. During the Masterclass I was able to cover some lacks in my public speaking and leadership competences
