# ABOUT EUROPEAN DIPLOMACY WORKSHOP

The **European Diplomacy Workshop (EDW)** is a four-day long intense course devoted to the evolving Foreign Policy of the European Union. Addressed to professionals from all walks of life, the workshop creates a forum for discussions on the nature of EU Foreign Policy and the challenges it encounters. The program is also an opportunity to broaden one's knowledge on the different regional and thematic aspects of the EU External Relations and European Diplomacy.

Organized since 2010 by the European Academy of Diplomacy in cooperation with Konrad Adenauer Stiftung Foundation, the EDW takes place twice a year – in the Spring and Autumn, **each time bringing together 25 professionals from around the globe, representing 10 to 15 countries.** Thanks to the technology developments of XXI century, this EDW edition will be carried out in an **online format**, giving the possibility to a broader number of participants to join.

The program establishes a network of emerging political and social leaders, public servants and non-governmental representatives, interested in enhancing their understanding of the European Union and its role in the world. Since 2010, over 450 participants from 61 countries have graduated from the program.

The European Diplomacy Workshop covers topics such as: EU Foreign Policy, Global Governance, EU Decision Making, EU-China Relations and EU-USA Relations, enriched by different study visits.
